

United Printing + Mailing is family owned and operated since 1965. Our 80+ employees are all dedicated to the direct mail trade. We take every precaution to complete your project to you correctly, on time, every time. We are proud of our relationship with the United States Postal Service. We currently partner with the USPS for daily on-site mail verification. In 2016 we processed 81,927,424 pieces of mail made up of 17,188 individual direct mail campaigns. We pride ourselves on commitment to our customers deadlines and expectations at all times.

We are located in the sunbelt of the southwest in Phoenix AZ where the weather never poses a threat on the outbout mail process. The SCF in AZ is less congested than many other major metro cities which equates to quicker delivery times for you. We service clients nationally and locally with 85% located outside of AZ.
